Dear Recipient:

I am writing to express my interest in joining your organization as a cybersecurity professional. I bring my knowledge, experience and a proven track record of effective leadership, collaboration, team building, and an unstoppable work ethic.

While a full-time student at Boise State University I played rugby. On the field, my enthusiasm, and leadership were recognized, and I was chosen team captain for my final three years. As captain, I motivated teammates, coordinated team travel, housing, and schedules. In the evenings I worked as a manager at 10 Barrel Brewing Company. In each of these roles I gained valuable experience leading, managing and motivating teammates and employees. I learned to problem solve, resolve conflict, and re-focus the teams on the organizational goals.

My leadership development and experience started at a young age in scouting. As a Patrol Leader and then Senior Patrol Leader I learned to create agendas, organize meetings, delegate tasks, motivate, mentor and train others while also holding them accountable. I went on to obtain the highest honor in scouting, the Eagle Scout Award.

These experiences have not only developed my leadership abilities, but they have also taught me the value of an ethical follower. I recognize the need to support my supervisor and peers to reduce conflict, raise morale and increase productivity.

My work ethic has earned me the reputation of a loyal, proactive, and honorable team member. I would welcome the opportunity to discuss further how my qualifications and experience can contribute to the success of your organization. Thank you for considering my application, and I look forward to the possibility of joining your team.

Sincerely

Joseph M. Green
